

BugBuster®

108 Grandview Drive
Hudson, Ohio 44236

Spring 2020

BugBuster® is offering a preventative wasp and bee service to your home. For over 25 years we have been able to protect our client's homes from stinging insects. Yellow Jackets and Hornets in particular are a large problem in Ohio. Factors such as this years unseasonably warm winter, mature landscaping and mulch around your home, all attribute to insect survival. Target insects include (Bald Faced Hornets, European Hornets, German Yellow Jackets and Paper Wasps). (This application should not be considered a standalone Carpenter Bee treatment. Additional **fees** may apply for Carpenter Bee servicing.)

We will begin the Exterior Barrier Reduction Applications in Northern Ohio Communities on or around April 16th, 2020. Weather permitting a service technician should be applying your preventative reduction application as soon after that date as we can. Our follow up services continue to your home through **September 15, 2020**. This exterior barrier reduction application is applied with a power spray rig to the outside of your home and foundation.

Pre registration for this program is \$120.00 if payment is received before March 31, 2020. Registration after April 1, 2020 will be \$160.13. In the interim, if you have questions regarding our service, please contact our office at your convenience. Questions can be forwarded thru our web site at www.BugBusterinc.com or call **330-650-2858**.

*Suggest your Window Washing be scheduled after our Exterior Barrier Application is done.

***ADD \$26.69 per item for Playsets, Gazebo, Hot Tub, Sheds, Barns**
