Over-Winter 2024

Hello friends,

Another summer is just about over. Where did the time go?

Stinging insects, along with other pests, will soon begin searching to find a place to spend the cold winter months. Your home is the perfect spot, providing both safety and warmth. The best way to treat an infestation is to prevent one from starting.

BugBuster® is offering a general insect over-winter reduction application that helps to protect your home from these fall pests: **stink bugs, millipedes, centipedes, spiders, ants, wasps and yellow jacket queens**. Don't let your home become theirs!

Fall registration for this program is **\$140**. Over-winter reduction applications will begin September 16th, weather permitting and should be concluded by October 31st.

If you have any questions regarding this service, please contact our office at **330-650-2858** or through our *Contact Us* page on our website, www.BugBusterInc.com

***ADD \$30 per item for playsets, gazebos, hot tubs, sheds, above ground pools, barns & fences**

Thank you for the opportunity to be of service!
