

BugBuster®

108 Grandview Drive
Hudson, OH 44236

Spring 2024

BugBuster® is pleased to continue to offer a preventative barrier application to the exterior of your home. For over 30 years, we have been able to protect our clients' homes from stinging insects. Yellow jackets and hornets are a real problem in Ohio. Factors such as unseasonably warm winters, mature landscaping and mulch around your home contribute to insect survival.

Targeted insects include Bald Faced Hornets, European Hornets, German Yellow Jackets and Paper Wasps. **(This application should not be considered a standalone Carpenter Bee treatment. Additional fees apply for Carpenter Bee services).**

We will begin the Exterior Barrier Reduction applications on or around **April 8th, 2024**, weather permitting. Our follow up services continue for your home through **September 13th, 2024**. This exterior barrier reduction application is applied with a power spray rig to the outside of your home and foundation.

Pre-registration for this program is **\$165** if payment is received **before March 31st**. Registration **after April 1st** is **\$190**. If you have any questions regarding this service, please contact our office at 330-650-2858 or through our *Contact Us* page on our website, www.BugBusterInc.com

Thank you for the opportunity to be of service!

- * We suggest your window washing be scheduled after our application is complete.
- * Add \$30 per item for playsets, gazebos, hot tubs, above ground pools, sheds, barns & fences
- * A nest located in the ground/bush/shrub/tree will require an additional fee to remove the hive.
